

Year 3 Brain Builder

For this Brain Builder, I would like you to produce something that links with our Spring term French topic - Les Fruits! We enjoyed looking at this topic and it will be good practice to see what you can remember! I would like you to create a piece of work linked to this in any way you choose. I have suggested some ideas in the grid below but you are not limited to these. I look forward to seeing what you produce!

Create your own poster to show the different fruits we have learnt. You could draw a picture and label them! Challenge - can you research any more fruits to add to your poster?	Create your own 'Where's Wally' style of artwork. Can you hide all the fruits we have learnt within your picture and have a word list in French down the side so people know what they are looking for?
Create your own word search and hide the words for the fruits in it! Remember the words can be written forwards or backwards, up or down and even diagonal!	Design your own French fruits crossword! You can write the clues in English and have the answers to your crossword in French! Your clues could be as simple as the word in English for the fruit or you could try and write something to describe the fruit.
Design your own fruit bowl/basket and label. Can you draw your own fruit bowl and label the fruits you would have in it? Remember to use 'un/une' for singular and 'les' for plural!	Practice your French vocabulary and pronunciation for the different French fruits. You could create a game or activity to help you do this (i.e. Snap, flashcards, Bingo).
French Fruit likes and dislikes. Write some sentences to talk about the fruits you like and dislike! Remember: J'aime = I like J n'aime pas = I don't like	Create a tally chart or bar chart and ask your friends and family what their favourite fruit is. Try and complete as much of your chart in French as you can (such as the fruits you select).
